GUTTENBURG RACE TRACK, Nov. 10.—The mud was ankle deep on the Guttenburg track this afternoon, and the talent got out their record books to look up the mud marks.

THE VICTORY GROWS.

Democracy Wins the Nation and Converts Many States.

Mr. Cleveland's Electoral Vote Now Placed at 300.

Clarkson Says His Party Must Be Free of Carnegies and Fricks.

The political situation to-day is that the Democracy has carried everything National and knocked out of neutralized Republican power in most of the States.

A complete list of States at present claimed for the Cleveland electors is as follows: Alabama, Arkansas, California, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Maryland, Michigan, Mississippi, Missouri, New Jersey, New York, North Carolina, Ohio, South Carolina, Tennessee, Texas, Virginia, West Virginia, and Wisconsin.

Twenty-five out of the whole forty-four, and giving an electoral vote of 300.

As foreshadowed by the choice of State Legislatures which are to elect new United States Senators, the next United States Senate will be divided as follows: Democrats, 42; Republicans, 40; Peoples, 2; anti-Republican majority, 8.

Democracy Legislatures have been elected in New York, Wisconsin and California to choose the successors of Republican Senators Hiram Bland, and James H. McPherson.

Fusion Legislatures have been elected to choose Senators in place of these Republicans: Paddock, of Nebraska; Perkins, of Kansas; Warren, of Wyoming; and Stewart, of Nevada.

According to the latest returns the new House of Representatives will stand 210 Democrats, 127 Republicans and 13 Fusion or Third party men. Several of the Fusionists are Democrats and will vote with that party.

CLARKSON SPEAKS PLAINLY. Republicans Must Free Themselves from Carnegies and Fricks.

Des Moines, Ia., Nov. 10.—The Register received after midnight a twelve-hundred-word letter by wire from James S. Clarkson, now in New York.

He admits that the Democrats have carried the United States Senate, and for the first time in thirty-six years will have complete control of the Government. To this verdict he says: "It is an order from the American people for a change in the industrial and economic policy of the Government."

He charges that the Republican party has lost strength and votes among the rich or among the people of independent means, who now want cheap labor; also among the workmen, who have come to believe that free trade will cheapen their expense of living, while the system of trades unions will still keep up their wages.

The result is not a personal defeat of President Harrison, nor really a defeat of the party. It is a Protection defeat, a repudiation of high tariff, a Republican reverse in a field where it put aside all the noisier issues and staked everything on the economic and industrial policy of the Government.

He characterizes Tammany Hall as the incarnation of partisanship, and after severely criticizing the Republican party for not enforcing its rights in the South, concludes thus: "In that day of new energy the Republican party will not allow a million of its voters to be disfranchised because they are its members, and it will draw its line openly and boldly and free itself alike from the Carnegies, Fricks and others, who betrayed Protection to gain cheap labor, and from all others wearing its name for purposes of their own gain."

REPUBLICANS CLING TO FIFER. They Won't Admit Losing the Governorship in Illinois.

Chicago, Nov. 10.—Cleveland has carried Illinois by a landslide. The most determined members of that party will not, however, admit that Fifer has been defeated for Governor.

EXTRA. TALK OF THE TURF.

Odds-on Favorites Kill the Interest at the Guttenburg Track.

JOE FLYNN'S UNJUST ATTACK.

Why Did Martin Ride Gladiator When Irregular Was Entered?

There were no visitors at Guttenburg seeking novelty in horse racing there, no doubt, found plenty of it throughout the day. In addition to seeing the races run in a blinding snow storm they saw a jockey, who was chagrined and angry at defeat, deliberately slash his rival, a boy weighing about seventy pounds, over the head and shoulders with his whip. All this must have been edifying to visitors in search of novelty, and they probably left the course with no very pleasant recollections.

The management at Guttenburg seems to be growing apathetic. They made a success out of Winter racing by downright hard work and ceaseless energy, and now they seem to feel as though the business could run itself. They fail to see that the racing is none too interesting and that the attendance is growing smaller and smaller each day. Yesterday there were barely a thousand people present. The presence of a few first-class horses at the track materially interferes with the racing, because the majority of the horses entered are of poor calibre, and when good horses like One, Miss Belle, Alliance, Little Fred, King Crab and others are entered, the interest is entirely destroyed for the bettor and the bookmaker. The owners of these horses are content to let them race against one another, and if perchance they win, they go into the same race one is immediately withdrawn, leaving a practical walkover for the others. This kind of racing does not suit either the public or bookmakers. The conditions of the races should be amended in such a way that the horses are not daily tumbled, or, of course, it is hard work for the secretary to please everybody. Every race but one on the card today is a selling affair, thus permitting owners to make their own weights.

There was no sense or reason in Joe Flynn's attack on young Donahue in the last race yesterday, and he ought to hide his head for shame. The youngster rode vocalize to win and made use of all the tricks of the profession to accomplish that end. He succeeded and so enraged Flynn that he slashed the boy over the head and shoulders with the whip. Flynn was a little more enraged, no doubt, because he was not allowed to ride, but he had no right to do so. There was a bad blood between the two, and it was a pity that it should have been so. Donahue has made a splendid record for himself, and it is a pity that he should have been so treated. He has been placed before the Executive Committee.

A cable from London, England, says that the American crowd know that the great stallion Ormonde will come back to England from Buenos Ayres in January. It adds that the stallion will be ridden by a boy named Martin, who is a great favorite of the crowd. The stallion is a great favorite of the crowd, and it is a pity that he should have been so treated. He has been placed before the Executive Committee.
